

## Vaccine Policy Statement

At North Canyon, we recognize the important role vaccines play in the health and safety of your children and our communities. When everyone who can get vaccinated does, it helps prevent the spread of disease in our communities; improving the quality of life for everyone.

If you have questions or concerns about vaccines, please don't hesitate to talk to our staff. We are here to support you in your personal decisions and provide answers to your questions.

For information on the CDC's Child and Adolescent Immunization Schedule by Age, click here <https://www.cdc.gov/vaccines/schedules/hcp/imz/child-adolescent.html>

The following immunizations are offered in our clinic. For more on each, please click the link to be directed to the CDC website.
